Inventario

The screenshot shows a web application interface for an inventory system. At the top, there are three dropdown menus labeled 'MARCA', 'MODELO', and 'VEND', each with a 'Filtrar' button. To the right of these are two buttons: 'BUSCAR' (callout 51) and 'CREAR' (callout 58). Below the filters is a table with columns: 'ID', 'NOMBRE', 'DIRECCION', 'PRECIO', 'PROVEEDOR', 'ACTUALIZAR', and 'BORRAR'. The table contains six rows of data, each with a user icon, a name, a company name, a location, a price, a provider name, and an update button. Callouts 49, 50, 52, 53, 54, 55, 56, and 57 are placed over various elements. At the bottom, there is a dark bar with a search icon (callout 46) and three buttons: 'INICIO' (callout 47), 'INFORMES' (callout 48), and 'CONTACTO'.

ID	NOMBRE	DIRECCION	PRECIO	PROVEEDOR	ACTUALIZAR	BORRAR
1	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
2	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
3	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
4	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
5	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
6	Nombre Last name	Company name	Location	Location	Actualizar	Borrar
